C.E.O. of FlyPelican, Paul Graham said:

“The necessary approvals to start scheduled flights for the airline had been long awaited and he was thrilled that the first flight was now imminent. FlyPelican is extremely pleased to be providing this important service and explained that Sydney / Mudgee has been without an air service for over 16 months and that we are looking forward to reinstating this critical link. Current driving times can be as much as five hours one way, our flights will have you at your destination in just over 45 minutes with the option of returning home the same day after a full day of business or pleasure. The service has a proven history and we are confident that it will be well supported and prosper. We have been working very closely with the Mid-Western Regional Council and they should be commended for their pro-active approach and support in re-establishing this vital air service link”.

Early morning and evening daily services are on a schedule that is convenient for both business and pleasure travellers wanting to make day-return trips with the addition of a Sunday afternoon flight to give greater flexibility. FlyPelican will be providing over 22,000 seats per annum on this new service. One-way web fares for Sydney – Mudgee will start from \$99 one-way and \$198 return. (all fares quoted are inclusive of taxes). Flights can be purchased directly from the FlyPelican website www.flypelican.com.au
